

End Of The Tour - They Might Be Giants

/Intro / Verse 1\

There's a girl with a crown and a scepter
Who's on WLS
And she says that the scene isn't what it's
been

And she's thinking of going home
That it's old and it's totally over now
And it's old and it's over, it's over now
And it's over, it's over, it's over now
I can see myself

Chorus

At the end of the tour
When the road disappears
If there's any more people around
When the tour runs aground
And if you're still around
Then we'll meet at the end of the tour
The engagements are booked through the
end of the world
So we'll meet at the end of the tour

/Verse 2\

Never to part since the day we met

Out on Interstate ninety-one
I was bent metal you were a flaming wreck
When we kissed at the overpass
I was sailing along with the people
Driving themselves to distraction inside me
Then came a knock on the door which was
odd
And the picture abruptly changed

Chorus

/Bridge\

This was the vehicle these were the people
You opened the door and expelled all the
people
This was the vehicle these were the people
You opened the door and expelled all the
people
This was the vehicle these were the people
You let them go
